Recommendation
August 27, 2014**

Oregon Fish Passage Task Force Recommendation

The Oregon Fish Passage Task Force is the Public Advisory Body to the Department, Commission, and the Legislature on fish passage issues. Members are appointed by the Director and can serve up to 2 4-year terms. These nine members volunteer their time and represent Fishing and Conservation, Water Users, and Public-At-Large interests.

On August 27, 2014 the Task Force met in a special public meeting to consider the Draft Agreement. All public comments were distributed to Task Force members in advance of the meeting. After numerous recommended changes and through a unanimous vote (6 -0), the Task Force supported and recommended the Commission consider this Agreement.
