635-071-0000

Purpose and General Information

(1) The purpose of these rules is to establish season dates, bag limits, areas, methods and other restrictions for hunting Rocky Mountain elk pursuant to ORS Chapter 496.

(2) Controlled hunt tag numbers for ~~[2015]~~**2016 and 2017** are listed in Table[s] 1 ~~[and 2]~~ and are adopted and incorporated in OAR Chapter 635, Division 071 by reference.

(3) OAR Chapter 635, Division 071 incorporates, by reference, the requirements for hunting Rocky Mountain elk set out in the document entitled "~~[2016]~~**2017** Oregon Big Game Regulations," into Oregon Administrative Rules. Therefore, persons must consult the "~~[2016]~~**2017** Oregon Big Game Regulations" in addition to OAR Chapter 635, to determine all applicable requirements for hunting Rocky Mountain elk. The annual Oregon Big Game Regulations are available at hunting license agents and regional, district and headquarters offices of the Oregon Department of Fish and Wildlife.

(4) Additional regulation information is available on the Oregon Department of Fish and Wildlife website at www.odfw.com.

**DIVISION 75
LANDOWNER HUNTING PREFERENCE AND OUTFITTERS
AND GUIDES TAG ALLOCATION**

635-075-0022

Landowner Hunting Preference Tags for Mule Deer

(1) This rule further implements HB 2027A whereby the 2013 Legislative Assembly directed the Department through the commission to specify a formula that bases the number of landowner preference tags available for mule deer on the management, research, and habitat needs set forth in the wildlife management plan for mule deer.

(2) For purposes of this rule, the population management objectives (MOs) for each wildlife management unit that were adopted by the commission in June 2005 are considered representative of the management, research, and habitat needs for mule deer.

(3) The formula to determine the number of landowner hunting preference tags available for buck deer in a unit is as follows:

(a) In those wildlife management units where the estimated mule deer population is less than 100% of the established population management objective, the number of landowner hunting preference tags available for buck deer in that unit may be limited to five tags or 10 percent of the total controlled buck tags authorized for the public for each hunt in that unit by the commission, whichever is greater.

(b) In those wildlife management units where the estimated mule deer population is equal to or more than 100% of the established population management objective, the number of landowner hunting preference tags available for buck deer in that unit may be issued based upon a landowner's acreage as set forth in 635-075-0005 (8).

(4) For the purposes of OAR 635-075-0022(3), "qualified landowner" is a landowner who registered their land through the landowner preference program for the Wildlife Management Unit which includes the controlled hunt and who has a current tag distribution form filed with the Department.

(5) Landowner Hunting Preference Tag numbers for mule deer in ~~[2015]~~**2016 and 2017** are listed in Table 1 and are adopted and incorporated in OAR Chapter 635, Division 075 by reference.

(1) A game mammal taxidermy mount acquired from an Oregon resident 65 years of age or older and legally harvested by the same individual, or acquired from an Oregon decedent by survivorship or any form of succession, may be sold by the person 65 or older, or the decedent's survivor or successor, to any person, provided that the seller first obtains a registration permit from the department.

(2) A registration permit requires a \$25.00 non-refundable permit administration fee which covers processing of up to five taxidermy mounts, and a processing fee of an additional \$5.00 for each additional mounted game mammal.

(b) For mounts of game mammals harvested before January 1, [1999]2017, an affidavit by the seller stating that (to the best of the seller's knowledge) the decedent legally harvested the game mammal and describing how the seller legally acquired the mount by survivorship or succession; and

(c) For mounts of game mammals harvested on or after January 1, [1999]2017, a properly validated tag which the decedent used to document legal harvest of the game mammal.

(4) To obtain a permit if the seller is an Oregon resident 65 years of age or older, he or she must provide the department with:

(a) For mounts of game mammals harvested before January 1, 2017, a properly validated tag issued to the seller, or an affidavit by the seller stating that the seller legally harvested the game mammal; and

(b) For mounts of game mammals harvested on or after January 1, 2017, a properly validated tag issued to the seller to document legal harvest of the game mammal.

([3]5) Upon compliance with the requirements of subsection (2), the department shall register the mount and affix a permanent identification number.
