I am interested in serving on this board because of my true desire to maintain a sustainable fishery. I have helped my husband for the past 3 years with his NS Endorsed Rock Fish Permit and feel that I have a strong firsthand understanding of this industry.

My career history includes being a licensed Laboratory Technician for over 15 years as well as running a family business with my father in the Rogue Valley.

Thank you for your consideration,

Donna D. Johnson

I have been in Salmon Troll Fisheries for 25 years. I am 52 years old so a young face would be good when the average age is 65+ in the fleet. I have been involved with the GSI program in OR & CA and attend Pacific States meetings on a regular basis. There is a big disconnect with information and regulation with our fleet in all states. I feel I can be an asset to all involved.
