Subject: Migratory Game

Michelle

With the huge in faux of Sandhill Crain's in the area and the deprivation of crops by returning birds when is the State of Oregon going to open a season on them.

Thanks

Bob

Subject: raising the snow goose limits from 6 to 20

There is Absolutely no reason to raise the limit, let one to 20. When the peak of snow geese use to b over 100,000 theist was only 3.there is no reason to raise it now. Especially when summer lake barely makes 10,000
