

Chair Wahl, Commissioners, and Director Melcher,

I captured this photo of my wife and dog
below Mott Bridge on banks of the North Umpqua River
using my dad's old film camera. My hope is
future generations can have the same experience,
seeing what is truly a special, special place.
A place that needs to be protected, and
the actions taken on Windywater Dam
held accountable. I trust you will make
the right decision for the future of the
North Umpqua River.
