25
26 **Adopt Temporary Rules**

27 Curt Melcher, Director, requested the Commission ratify the following temporary rules. The
28 fifteen (15) temporary rules were previously adopted by the director under his emergency action
29 authority.

30
31 **1.) 635-065-0635, 635-065-0760**

32 **Amend Rules to Modify Controlled Hunt Permit Numbers for 2023 Oregon Sage-Grouse**
33 **Hunting**

34 Adopted: August 8, 2023 – Effective Dates: August 8, 2023, through February 1, 2024

35 Oregon Administrative Rules establishing seasons and permit numbers for 2023 controlled sage-
36 grouse hunts were adopted by the Commission on April 21, 2023, as described on page 14 of
37 Attachment 3 in Exhibit B. Permit numbers adopted at that time did not account for on-going sage-
38 grouse population surveys that were not yet complete. This rule amendment is necessary to adjust
39 permit numbers in two sage-grouse hunt areas to account for unanticipated changes to sage-grouse
40 population estimates resulting from data collected in the surveys completed after permit numbers
41 were adopted.

1 **2.) 635-017-0090**

2 **Close Mainstem McKenzie River**

3 Adopted 8/16/2023: effective 8/16/2023 through 12/31/2023.

4 This amended rule closes the mainstem McKenzie River from the mouth of Trout Creek to the
5 Leaburg Dam to all salmon angling.

6
7 **3.) 635-014-0090, 635-016-0090**

9 Adopted 8/18/2023: effective 8/18/2023 through 12/7/2023.

11 fall season from September 9 through November 30.

12
13 **4.) 635-041-0075**

14 **Set Treaty Commercial Fall Gillnet Fisheries**

15 Adopted 8/18/2023: effective 8/18/2023 through 12/31/2023.

16 These amended rules authorize the sales of fish caught in Zone 6 treaty gillnet fisheries to include
17 open periods from August 21 through August 31.

18
19 **5.) 635-013-0003**

21 **Tillamook and Nehalem Rivers**

22 Adopted 8/24/2023: effective 9/1/2023 through 10/31/2023.

23 These amended rules establish Chinook salmon retention regulations for nearshore marine waters
24 adjacent to the Nehalem and Tillamook rivers that match the temporary regulations adopted for
25 those systems during fall 2023. Adopting concurrent regulations deters anglers from fishing
26 immediately outside these tributaries under more liberal ocean salmon regulations than exist inside
27 the tributaries.

28
29 **6.) 635-013-0003**

30 **Adopt Chinook Retention Regulations for Nearshore Marine Waters Adjacent to the**
31 **Tillamook and Nehalem Rivers**

32 Adopted 8/25/2023: effective 9/1/2023 through 10/31/2023.

33 These amended rules establish Chinook salmon retention regulations for nearshore marine waters
34 adjacent to the Nehalem and Tillamook rivers that match the temporary regulations adopted for
35 those systems during fall 2023. Adopting concurrent regulations deters anglers from fishing
36 immediately outside these tributaries under more liberal ocean salmon regulations than exist inside
37 the tributaries.

38
39 **7.) 635-039-0080**

40 **Federal Actions and Management Measures Implemented for Recreational Groundfish**
41 **Fisheries**

42 Adopted 8/28/2023: effective 8/28/2023 through 12/31/2023.

43 These amended rules adopt in-season actions previously adopted by the federal government for the
44 2023-2024 Pacific Coast recreational groundfish fishery which increase the bag limit for the
45 longleader gear recreational fishery from 10 to 15 fish.

1 **8.) 635-039-0090**

25 This amended rule expands retention regulations in the Buoy 10 recreational salmonid fishery to
26 include Chinook salmon from September 8 through December 31.

27
28 **12.) 635-041-0075**

29 **Set Treaty Commercial Fall Gillnet Fisheries**

1 Rock/Bachelor Island line to Bonneville Dam through September 21.

2
3 **15.) 635-042-0060**

4 **Authorize Mainstem Columbia River Non-Treaty Commercial Fisheries**

5 Adopted 9/14/2023: effective 9/15/2023 through 12/31/2023.
