CED Public Land Sub-activities: 2007-2019

- Annual Grass Treatments
- Conifer Removal (All Phases)
- Fuel Breaks
- Fuels Management
- Noxious Weed Treatments
- Vegetation Management / Habitat Enhancement

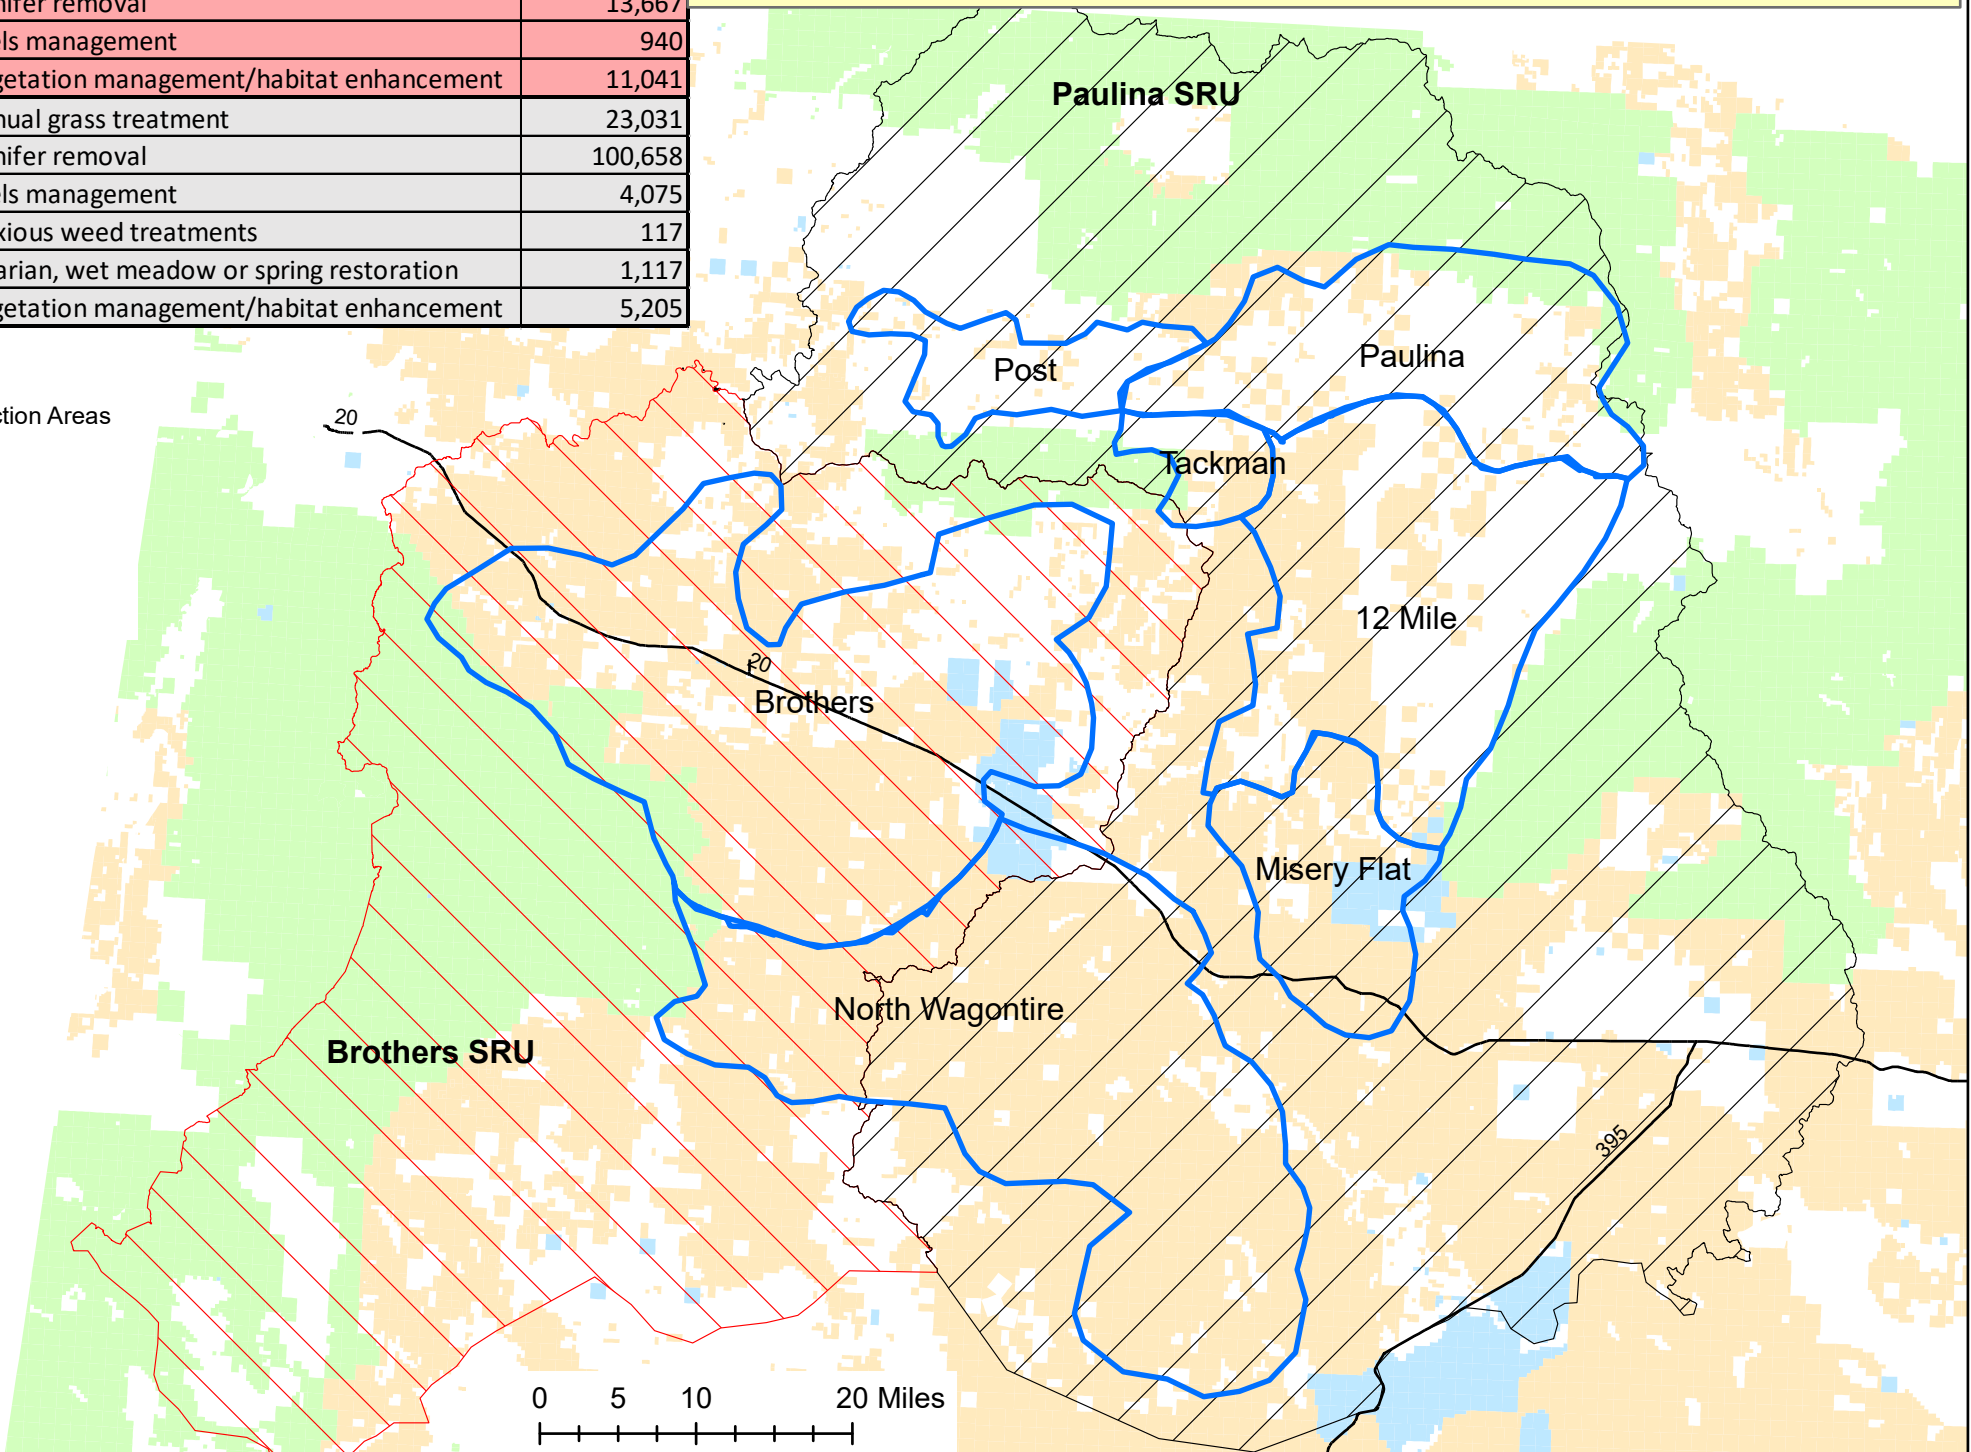

Prineville LIT

Private land actions implemented 2010 -2019		
SRU	sub-activity	acres treated
Brothers	conifer removal	13,667
	fuels management	940
	vegetation management/habitat enhancement	11,041
Paulina	annual grass treatment	23,031
	conifer removal	100,658
	fuels management	4,075
	noxious weed treatments	117
	riparian, wet meadow or spring restoration	1,117
	vegetation management/habitat enhancement	5,205

The Conservation Efforts Database (CED) uses Sagebrush Reporting Units (SRU) to obscure information about individual private landowners. The Brothers and Paulina SRUs encompass the Prineville LIT area (shown here in red and black hatch).
